water knows no limits.

A commitment to Excellence

Caviers is started by the pioneers of Bathroom Internal Fittings manufacturers, leading suppliers to the leaders of Bath Fittings Industry in India and are leaders in exporting fittings along with Brass components to European and Asian Countries.

With over two decades of remarkable presence in industry, it was decided to create **Caviers** by translating excellence and perfection for producing faucets of highest quality.

Their vision brought the latest machines, best expertise and latest testing facilities at Jamnagar, Gujarat. and **Cavier** came into existence.

Eye catching elegant series in both economical and premium categories are being produced at best possible prices with a commitment to provide fastest **After Sales Service**.

Cavier hope to fit in your **imagination & expectation**.

SCULPTURED FOR WATER

ROYAL COLLECTIONS is a single lever characterized outwardly as a single block, a sculpture for water that offers controlled water volume and strong lines, extremely contained and proportioned. From the functionality point of view the cascade of water is an unexpected surprise from a faucet such as this. The tap's design is completed with the lever – yet another surprise.
